Duration: 2 hours

*IMPORTANT: Please meet at least 15 minutes prior to your tour start time.*

Driving a team of huskies over the white, shimmering fells is an experience that is almost mandatory during a trip to Lapland. The eager dogs run at full speed and the sled glides effortlessly over the snowdrifts with the skids hissing softly. The lead dog turns to look at you at a crossroads – right or left? Mush!

The husky safari starts a short drive away from the resort and takes you on a fast-paced trip over the untouched snow of the fells and surrounding forests. This is an experience that you will never forget.

*IMPORTANT: Two-people sleighs are used. Each sleigh is ridden by one of the guests. However, during early winter and when there's little snow, seats will be available in sleigh ridden by the guide, instead.*

#### SNOWSHOEING AND ICE FISHING

Start point: Northern Lights Village, main building  
Departure time: Refer to your itinerary  
Duration: 3 hours

*IMPORTANT: Please meet at least 15 minutes prior to your tour start time.*

Snowshoeing is the closest way to experience the nature of Lapland. The deep snow crunching under the shoes, the snow-hooded trees, and the pearly-white willow grouse watching you from afar – the winter nature is a magical world of its own.

We hike through the forest in snowshoes to a nearby fell where we will build a fire, prepare a hot drink and enjoy the spectacular scenery by a nearby wilderness lake. The guide will provide information on the nature and animals of Lapland, and with any luck, we may see a Siberian jay, a willow grouse, or a herd of reindeer wandering by.

We'll drill a hole through the thick ice, bait the hook, and see if you can catch a perch from the secluded, ice-covered wilderness lake.

This trip is especially suitable for nature-lovers, who wish to take great photographs and ecologically enjoy the natural scenery.
