Your Support Can Help Kids Like Mikey

"Mikey is my middle child. He's always happy, he's always smiling. He loves the outdoors and is just always on the go", shares his mum, Tina.

Mikey is globally and developmentally delayed due to a rare genetic condition he was born with. He is only one of seven people worldwide with the same condition.

Mikey attends Fernhill School in Glenmore Park, a school that provides specialist and intensive support for students with moderate to high learning and support needs. Last year, we granted seven We Join Grants, one of which was to Fernhill School for adaptive bikes.

"They give him independence. Being adaptive, the bikes give him the opportunity to get out there and give him a sense of freedom, just him being able to do what other kids can do and not being left out. It makes me happy because I know he's enjoying himself."

"Being able to have the bikes at school means freedom, independence and happiness for Mikey. Thank you, Variety!"

Where Your Fundraising Goes

13-year-old Ivy was born with a range of visual conditions which have seen her undergo numerous operations and invasive treatments. Talented in both para-alpine skiing and blind cricket, last year Ivy received a \$5000 Variety Heart Scholarship to help her pursue her dream of representing her country in the Paralympics.

At the 2024 Variety Adventure Ride, Mansfield Football Club was granted \$6,054 for football equipment to help improve the young athletes' trainings and games.

17-year-old Daisy lives with a neurodegenerative condition that affects every aspect of her life. Daisy attends Anson Street School, which was granted a Variety Sunshine Coach fitted with wheelchair modifications. This enables Daisy and her friends to spend time together enjoying school excursions, extra-curricular activities and local community events that they would otherwise miss out on.

None of this would be possible without the incredible support of our Adventurers and Variety motoring fundraisers!
